## Borderlands Photography Tour

*1 Day Tour with Tuition*

**Take a day Trip around the Cooley Peninsula and learn how to take photographs you will be proud to print and hang on your wall at home.**

**Irish Guided Tours have teamed up with Photographer Brian Hopper.**

We provide you with tuition to improve your digital photography allowing you to take that picture - one you will be proud to print, hang on your wall and tell your story that goes with it.

**Every picture tells a story and we can give you the stories that are part of every landscape here.**

**The Borderlands Photography Tours** are designed to combine the stories and legends of the Region with outstanding photography tuition.

Respect for light has always been observed here to the extent, that the County is even named after the Celtic named after the Celtic god of light. **(Lúgh).**

Tour options can include a choice of starting times, dawn or 09.00/10.00 with a range of finishing times to suit the group outing.

Options can further include choices of packed lunch, tea/coffee breaks and/or dinner.

To book a Group or for Individuals to register their interest please contact:
